

International model shown, as pictured in the 2027 VPOG.

THE ALL-ELECTRIC NISSAN CROSSOVER

2027 ARIYA

ELECTRIC

The crossover that runs on electricity and nothing else.

The 30-second verdict: up to 399 km of range, instant dual-motor power on e-4ORCE, and a cabin run by Google. No gas, no oil changes, no tailpipe.

389 hp max, up to 399 km*, e-4ORCE all-wheel drive, pricing to be confirmed

NACS fast-charge port, Google built in, 5G hotspot. Three trims: SV, SV+ e-4ORCE, Platinum+ e-4ORCE.

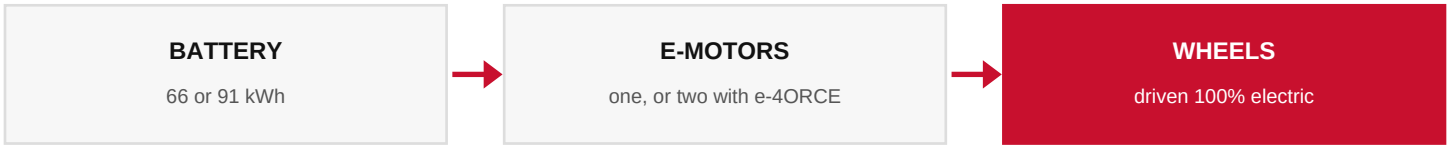

Your guide, from Aum Patel, Sales Consultant at Maple Nissan, 100 Auto Vaughan Drive, Vaughan, ON, 437-688-5315, aum@maplenissan.com, DM @aum_autoworld

THE ELECTRIC SHIFT

No engine, no gas, no tailpipe. Just a battery and motors.

An Ariya has no engine at all. A lithium-ion battery feeds one electric motor on the front-wheel drive SV, or two motors, one per axle, on the e-4ORCE models. The motors answer instantly, there are no gears to shift, and braking sends energy back into the battery through regenerative braking with e-Step mode. Charging is through a NACS quick-charge port on the passenger side, with a cable unlock button and a stop-charge button inside the charge port door. At home, a 7.2 kW onboard charger handles overnight charging. One honest note: Nissan removed the portable EVSE cable for 2027, so it no longer comes in the box on any trim.

Battery to motors to wheels. Braking refills the battery.

Range by trim (km, as listed in the VPOG)

* Range figures as listed in the 2027 VPOG models table. The VPOG prints no footnote for its asterisk on that page.

Battery sizes

No gas. Ever. No engine, no tailpipe.	**NACS fast charging.** The new standard port.	**Google built in.** Maps, voice and apps.	**5G hotspot.** Internet for everyone aboard.

What changed for 2027

New for 2027. SV+ replaces SL+ as the mid trim. The old SL e-4ORCE and SL+ front-wheel drive are gone. New front fascia with a new headlamp and LED signature design, and the black grille shield is removed.	**Charging changes.** NACS quick-charge port on the passenger side replaces CCS, with a cable unlock button and a stop-charge button inside the charge port door. The portable EVSE cable is no longer included on any trim.

MEET THE LINEUP

Three trims, two batteries, two drivetrains. The VPOG lists every trim MSRP as TBC (to be confirmed), so no trim price is printed in this guide. Ask the dealer for confirmed pricing. Colour prices on page 5 are confirmed in the VPOG and are printed there.

SV FWD, "The smart one"

MSRP: To be confirmed

Range 341 km*

Best for: the buyer who wants into an Ariya at the lowest price, with the full safety suite.

- 214 hp motor with 221 lb-ft of torque. Instant pull from a standstill, no gears, no waiting
- 66 kWh battery, 63 kWh usable, with a battery heater. Enough for the daily drive and the weekend run
- NACS quick-charge port on the passenger side. The new North American standard, with unlock and stop-charge buttons in the charge port door
- Twin 12.3" screens with Google built in. Maps, voice and apps on the dash, plus wireless Apple CarPlay and Android Auto
- Heated seats front and rear, heated leather-wrapped steering wheel, 8-way power driver seat. Winter mornings, sorted
- ProPILOT Assist and Safety Shield 360. The car watches your blind spot, your lane and the car ahead
- 19" aero wheels, power-sliding centre console, wireless charging, dual-zone climate. Small things that make daily driving easier

SV+ e-4ORCE, "The quick one"

MSRP: To be confirmed

Range 399 km*

Best for: the driver who wants the longest range and the quickest Ariya. This replaces the old SL+.

- Everything in SV, plus:
- 389 hp dual motors with 442 lb-ft of torque. The quickest Ariya in the lineup
- 91 kWh battery, 87 kWh usable. The longest range of the three, at 399 km*
- e-4ORCE all-wheel drive. Two motors that split power front and rear in an instant
- Dark satin chrome window trim and dark wheel design, plus the e-4ORCE badge. A quieter, darker look

Note: for 2027 the SV+ drops the panoramic moonroof, power liftgate, garage door opener, auto wiper and auto-dimming mirror that the old SL+ had.

Platinum+ e-4ORCE, "The full house"

MSRP: To be confirmed

Best for: the buyer who wants everything Nissan makes for this car.

Range 381 km*

- Everything in SV+ e-4ORCE, plus:
- 20" alloy wheels with P255/45R20 tires. The planted, premium stance
- Genuine Nappa leather and the unique Platinum+ interior. The cabin steps up a class
- Power panoramic moonroof with tilt, power sunshade and one-touch open and close. Light and air at a button press
- Bose 10-speaker premium audio. Concert-hall sound
- Windshield head-up display. Speed and directions on the glass, eyes on the road
- 3D Around View Monitor with full views. Park anywhere without guessing where the curbs are
- Motion-activated hands-free liftgate. A kick under the bumper opens it when your hands are full
- Cooled front seats, memory driver seat, mirrors and steering, 8-way power passenger seat, 4-way driver lumbar. It remembers every driver
- Illuminated Nissan badge and Platinum+ grade emblem. It announces itself at night

If range matters most, SV+ goes furthest. If luxury matters most, Platinum+ has it. SV is the way into an Ariya.

Warranty and connected services

Warranty.
3 years or 60,000 km basic vehicle warranty, 3 years roadside assistance and travel planning, 5 years unlimited km corrosion perforation warranty. The lithium-ion battery is covered for 96 months or 160,000 km, including capacity loss below nine bars.

Connected, from day one.
Google built in on every trim: Google Maps, Google Assistant and the Play Store. NissanConnect with 5G Wi-Fi hotspot, 90 days or 3 GB trial included. SiriusXM 360L with a 3-month Platinum Plan trial.

HEAD-TO-HEAD

Same screens and same safety everywhere. What changes is power, range, wheels and luxury.

Feature	SV	SV+	Platinum+
Drivetrain	FWD	e-4ORCE AWD	e-4ORCE AWD
Power	214 hp	389 hp	389 hp
Torque	221 lb-ft	442 lb-ft	442 lb-ft
Battery, total	66 kWh	91 kWh	91 kWh
Battery, usable	63 kWh	87 kWh	87 kWh
Range*	341 km	399 km	381 km
Wheels	19"	19" dark	20"
Centre touchscreen	12.3"	12.3"	12.3"
Google built-in	Yes	Yes	Yes

Seating	Leatherette	Leatherette	Nappa leather
Bose audio			10 speakers
Head-up display			Yes
3D Around View Monitor			Yes
Cooled front seats			Yes
Hands-free liftgate			Yes
MSRP	To be confirmed	To be confirmed	To be confirmed

Colours and colour prices (per the VPOG)

Black Diamond Metallic and Gun Metallic at no extra charge. Metallic colours +$300. Pearl colours +$300. Two-tone finishes +$950.

Northern Lights Metallic	**+$300**
Black Diamond Metallic	**Included**
Everest White Pearl Tricoat	**+$300**
Boulder Grey Pearl	**+$300**
Gun Metallic	**Included**
Everest White Pearl Tricoat / Black Diamond Metallic, two-tone	**+$950**
Boulder Grey Pearl / Black Diamond, two-tone	**+$950**
Black Diamond Pearl / Red, two-tone	**+$950**
Black Diamond Pearl / Plasma Green, two-tone	**+$950**

Interiors: Charcoal leatherette on SV and SV+. Platinum+ gets its own unique interior, whose name is still to be confirmed in the VPOG.

CHEAT SHEET

Buy this if...

- **You want into an Ariya at the lowest price:** SV. You lose nothing in safety or screens.
- **You want the longest range and the quickest pull:** SV+ e-4ORCE, 399 km* and 389 hp.
- **You want the best of everything:** Platinum+ e-4ORCE, Nappa leather, moonroof, Bose, head-up display.

How to tell them apart at a glance

- **Drivetrain:** front-wheel drive is SV. e-4ORCE badging means all-wheel drive.
- **Wheels:** 19" = SV or SV+, 20" = Platinum+.
- **Roof:** panoramic moonroof = Platinum+ only. SV and SV+ have a solid roof for 2027.
- **Inside:** leatherette = SV or SV+, Nappa leather = Platinum+.

Questions customers always ask

Do I plug it in? Yes. This is a full electric car, not a hybrid. It charges through a NACS port, and there is no gas engine at all.

How far does it go? 341 km on SV, 399 km on SV+ e-4ORCE, 381 km on Platinum+ e-4ORCE, as listed in the 2027 VPOG.

What does it cost? Prices are still to be confirmed. The 2027 VPOG lists every trim MSRP as TBC, so ask the dealer for confirmed pricing.

Is all-wheel drive standard? No. SV is front-wheel drive. e-4ORCE all-wheel drive is on SV+ and Platinum+.

Does it come with a charging cable? No. Nissan removed the portable EVSE cable for 2027 on every trim.

What is the warranty? 3 years or 60,000 km basic vehicle warranty. The lithium-ion battery is covered for 96 months or 160,000 km, including capacity loss below nine bars.
