THE NEW ONE

What changed for 2027, and how the turbo works

The headline is Dark Armor, the Murano dressed for the night: gloss black bumpers, badges, mirror caps and moldings, a new 21-inch gloss black wheel, and a Dark Armor emblem on the side. Underneath it, every 2027 Murano runs the same engine: a **2.0-litre Variable Compression Turbo** that changes its compression ratio on the fly, balancing power and efficiency. It makes **241 hp and 260 lb-ft**, through a **9-speed automatic** with paddle shifters, to **Intelligent All-Wheel Drive** on every trim. The Drive Mode Selector now includes Snow Mode, for winter roads.

The new Dark Armor in Gun Metallic: gloss black everything, 21-inch black wheels.

VC-TURBO ENGINE	9-SPEED AUTO	INTELLIGENT AWD	WHEELS
2.0L, 241 hp	paddle shifters	standard	21-inch alloys

One engine, one gearbox, AWD on every trim. The trims buy comfort and finish.

The numbers, at a glance

Cargo with the second row up and folded. Towing is 1,500 lb on both trims. Fuel economy is not printed here: the VPOG lists city, highway and combined figures as TBD.

AWD standard. Every trim, no upcharge.	**21-inch wheels.** Standard on both trims.	**Google built in.** Maps, voice, apps, 1 year included.	**Bose 10-speaker.** Standard on both trims.

Also new for 2027

New for 2027: Dark Armor. Gloss black bumpers, badges, mirror caps and moldings, a new 21-inch gloss black wheel, and a Dark Armor emblem. The Murano, dressed for the night.	**New for 2027: Snow Mode and more.** The Drive Mode Selector gains Snow Mode. Permanent Auto Lights and a wiper de-icer join the standard kit. Gone: head-up display, motion-activated liftgate, heated windshield, HD Radio, and the AWD badge.

Interiors

- **Dark Armor:** Graphite Leatherette. One interior, dark and simple.
- **Platinum:** Graphite or Light Grey Semi-Aniline Leather. Graphite pairs with every exterior colour. Light Grey pairs with Aurora Blue, Champagne Silver, Deep Ocean Blue, and the two two-tone colours.
- **Deleted for 2027:** the Blue Semi-Aniline Leather interior is gone from the lineup.

Two-tone pairs Super Black with the body colour. On Dark Armor, the blackout pack already darkens the details, so a two-tone finish doubles down on the look.
