WHAT'S NEW FOR 2027

A quiet update year. Same V6, same 4WD, same three rows. What changed is the detail.

- **Genuine leather steering wheel.** Every grade moves up from leatherette. It feels better in your hands every single day.
- **More airbags, standard.** Driver and passenger airbags with load limiters join the curtain bags that cover all three rows.
- **BOSE goes from 13 speakers to 12 on Platinum.** The centre channel speaker is removed. Still a BOSE premium system.
- **New Chestnut interior on Platinum.** A warm brown leather, paired with Deep Ocean Blue Pearl and Baltic Teal two-tone paint.
- **Third-row centre headrest redesigned.** The back row gets a better headrest for the middle passenger.
- **Two things deleted.** The motion-activated power liftgate is gone on every grade, and Scarlet Ember Tintcoat leaves the colour list.

Specs, features and colours per the Nissan Canada 2027 Pathfinder Vehicle Price Ordering Guide (Initial, July 2026). Grade prices are listed as to be confirmed in that guide, so no grade prices are printed here; paint prices are as listed in the guide colour table. Rock Creek horsepower is not printed because the guide lists it as both 294 and 295 hp; torque (270 lb-ft) is consistent. Highway fuel economy and fuel tank capacity are listed as to be confirmed in the guide and are left out. See dealer for details.
